

USA Accredited Seed Conditioning Program (ASCP) Specified Program Requirements - Appendix D

1 Purpose

This document sets forth the specified program requirements of the USA Accredited Seed Conditioning Program (ASCP). It also provides the requirements for the objective evaluation of a program submitted for accreditation and monitored by the Agricultural Marketing Service (AMS), Livestock and Poultry (L&P) Program, Quality Assessment Division (QAD).

The specified program requirements of the USA ASCP must be met through an approved USDA Process Verified Program (PVP). The requirements of the USDA PVP are defined in QAD 1001 Procedure: *USDA Process Verified Program*. The USDA PVP ensures that the requirements of the USA ASCP are supported by a documented quality management system.

The USA ASCP is a voluntary, user-fee service available to seed conditioning entities. Accredited seed conditioners, as listed on the [Official Listing of USDA Approved Accredited Seed Entities](#), may represent themselves as a USDA Process Verified Program, USA Accredited Seed Conditioner.

2 Scope

The ASCP applies to seed conditioning entities seeking accreditation under this program.

3 Specified Program Requirements

- 3.1 Must include seed conditioning procedures.
- 3.2 Process Verified Points must be specified for the scope and methods that will be claimed; and must meet at least one of the following criteria:
 - 3.2.1 Adherence to a recognized standard that is not otherwise required by industry or regulations.
 - 3.2.2 A unique production or handling practice.
 - 3.2.3 A service with unique characteristics for that type of operation or outside normal business practices.
 - 3.2.4 A quantifiable characteristic such as size, weight, age or grade.
 - 3.2.5 Documentation, monitoring, or auditing that is unique to the company and outside normal business practice.
 - 3.2.6 A characteristic, practice, or requirement that is specifically requested by a customer or consumer.
- 3.3 Must comply with Environmental Protection Agency (EPA) blending requirements for Refuge in a Bag (RIB), if applicable.

3.4 Minimum blending requirements are:

- 3.4.1 Must conduct trait purity check on seed lots prior to RIB blending;
 - 3.4.2 Must maintain Standard Operating Procedures for the RIB blending process including traceability, conditioning flow, and product carryover procedures;
 - 3.4.3 Must conduct calibration of RIB blending and weighing equipment;
 - 3.4.4 Must maintain records and data retention records for RIB seed blend products, including calibration records and blending proportion records (weight and kernel based as specific to RIB process). Records must be maintained at the blending facility and must be available to the EPA for review upon request.
 - 3.4.5 Must ensure that germination testing for blending conformance is conducted by an ASL, ISTA, or Official Laboratory.
- 3.5 In addition to the requirements outlined in QAD 1005 Procedure, accredited seed conditioners must submit annually at least 5% of the conditioning records for the RIB process, as applicable.
- 3.6 Accredited seed conditioners are audited to determine expertise and implementation during actual conditioning activities.

Jeffery Waite, Branch Chief
Quality Assessment Division
Livestock and Poultry Program

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at [How to File a Program Discrimination Complaint](#) and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: program.intake@usda.gov.

USDA is an equal opportunity provider, employer, and lender.
